

## FCS Foundation Gettin' Consumer's Movin'!

*Pictured Left to Right: Liz Koster, FCS President & CEO, Arthur Reid & Joanna Reid, Tenants of West Hills Apartments.*

Tenants of West Hills Apartments, Arthur & Joanna Reid, receive proceeds from the FCS Foundation to “get moving” again.

Arthur & Joanna living at West Hills for over a year now, have had no means of transportation as their handicapped accessible van was not road worthy due to mechanical & body damage issues. Arthur, wheelchair bound, had no means to get to and from physician appointments, and simply take advantage of the outdoors; things we all take for granted.

Thanks to the FCS Foundation Board of Director's for appropriating the \$2,786 needed for the van repairs, and also to Roberta Redding, FCS Program Director, who served as an advocate to the couple. Joanna wrote a word of thanks to the Foundation Board of Directors stating, “I do not have the words to show my appreciation for the repair of my van. ...Please accept our deepest and heartfelt thanks.”

The Reid's are eager to once again get around town, have Arthur get to his much needed medical appointments, and simply enjoy visiting area parks & local attractions that they have so missed for close to a year.
