Holiday Season Safety Tips from ESSA

ATM Safety

- Choose a well-lit ATM.
- Be aware of surroundings.
- Use ATMs during daylight if possible.
- Drive-up when you can, they tend to be safer than walk-ups.

Financial Safety

- Shop early to avoid crowds AND impulse buying.
- Ask about refund policies and save all receipts.
- Set a budget and stick to it.
- Shop online with only reputable companies and order only over secure servers.
- Use debit and credit cards – they're safer than carrying large amounts of cash.
- Avoid racking up a big balance on your credit card. Use your debit card instead.

Mall Shopping Safety

- Park in well-lighted areas, close to the door if possible, especially after dark.
- Keep your purse closed – an open purse is an open invitation to lose your wallet.
- Don't carry too much at once. If you need your keys in a hurry, you don't want to be juggling bags and boxes in an emergency.
- Try not to park next to a van - you might be pulled in through the sliding door.
- When shopping alone – pay attention to your surroundings, walk quickly with authority, have keys ready or use your remote as you approach. Get in and lock up. You can arrange the packages after you lock the doors.
