Pick-up Days: (CSA begins the first week of June)

In order to gauge when members are available to pick up their produce at the farm, please pick one of the following days (this may be changed for your convenience at a later date, but we need to get some numbers in order to create harvest schedules). Time of pick-up is between 3-7 pm on these days:

- Tuesday
- Friday

We'd like to know:

Are there any skills or experience you may be willing to contribute to the farm? (carpentry, website management, fundraising, tractor repair, newsletters, etc.)

Product List

Below is a list of produce potentially available for the 2017 season. We are not limited to this list and some crops may be offered as “pick-your-own” such as herbs and flowers. However, please help us plan for the growing season by using the following ranking system:

Please help us plan our growing list by putting 1, 2, 3, 4, and 5 next to each variety:

1. Love it. You probably can't grow too much for me (or us).
2. Like it. Not every day, but we like it.
3. If it's on the table, I'll probably eat it.
4. Straight to the compost pile. Not on my plate. Ever.
5. Not sure what that is, but I'm (we're) interested in trying anything new.
