## 9-1-1 ADDRESSING IS HERE !

Paradise Township has been informed by the Monroe County Control Center that the new addresses for Paradise Township residents have been printed and will be delivered to you starting August 14.

Every residence and business will be assigned an address number that must be posted. Because of our rural area, residents must mount the reflective address number signs conspicuously (with numbers on both sides of the sign) at the entrance of every driveway. Address number signs shall be reflective green signs with reflective white numbers. The signs must be posted:

- Mounted on a stand-alone post or pole;
- Atop a mailbox (only if the mailbox is located on the same side of the street as the driveway/entrance and only if the mailbox is located at the intersection of the street and the driveway);
- Numbers can be mounted horizontally or vertically;
- Address signs only need to have your address “number”, not your name or street.

Paradise Township has ordered the signs and numbers and they will be available for pick up at Community Day (Sept. 12); at the Township-Wide Yard Sale (Sept. 25-raindate 9/26); and at the Municipal Building. Please bring your address notification letter with you to Community Day or to the Township-Wide Yard Sale and the Township will make up your sign. In addition, throughout September and October, you can bring your letter to the Municipal Building from 2-4 p.m. on Mondays, Wednesdays, and Thursdays, and from 2-5:30 p.m. on Tuesdays. There will be no charge for the signs. Please determine which way your sign will be mounted (vertically or horizontally) before coming in to have your sign made.

Building number signs for grouped dwellings and non-residential facilities: Apartments, townhouses, shopping centers or other similar groupings where only one number is assigned shall display such number at the main entranceway. Numbers for individual units or establishments within the complex shall be displayed on, above or to the side of the main doorway of each unit.

All private streets (lanes, roads, etc.) with 2 or more homes will now have a street name, and some streets in the Township have been renamed to eliminate duplication of street names. Paradise Township will be ordering and installing the new street name signs within the next few months.
