

# How to Host a Corporate “Flower Stand”

## Introducing Roses for Autism

Roses for Autism is the first business endeavor for Growing Possibilities. Growing Possibilities is a nonprofit social enterprise founded by Ability Beyond Disability that is dedicated to growing independence in the business world for individuals with Autism and other disabilities.

## How it all got started

The idea for Growing Possibilities came from a father of a boy with Autism.

Jim Lyman’s dream was to improve the quality of life for his son Eli through meaningful work and continued opportunities to grow as an individual. Jim’s search brought him together with Pinchbeck’s Rose Farm, The CT Autism Spectrum Resource Center and then to Ability Beyond Disability. Collectively they put the plan together that would bloom into Growing Possibilities.
