Bein' brave, not snitchin'
Speak out and make a difference
Stop dishin' the dirt, stop the hurt
Sound the alarm, stop the harm

Bein' brave, not snitchin' ...

Intent

What's your intention? What's your motivation?

If it's hate and fear
You reap what you sow
Plant poison seeds
And watch the hate grow

If it's love and compassion
You're the Gucci of being-kind fashion
You're the talk of the runway
Cause you walk the walk in your own way (in a kind way)

Bein' brave, not snitchin' ...

What's your intention? What's your motivation?
What's your intention? What's your motivation?

Get a laugh at my expense
Make accusations under false pretense
Paint me with suspicion
Just to elevate your position

But if someone's in danger
Your best friend or a total stranger
You got to pull back the curtain
Get the truth out, stop the hurtin'

You got to step up to the plate
Or you're a cold collaborator
Backin' up a perpetrator
Is that who you wanna be?

If you're the target of contempt
Would you want me to stand by silently
While you get put down violently
Well, that's not who I am

What's your intention? What's your motivation?

Bein' brave
Step up to the plate
