The most exquisite handmade walking shoes on earth, Finn Comfort provides extraordinary orthopedic support and exhilarating natural comfort while promoting good health and well-being. Decades of experience, great skill and expertise have made Finn Comfort the undisputed leader in healthful natural comfort footwear for the sophisticated set. Skillful old world European craftsmanship combined with medical know how and state-of-the-art modern technology give our shoes their unparalleled quality, trademark support and world class comfort.

Highly recommended by leading foot health specialists worldwide, Finn Comfort stimulates vigorously healthy feet while gently improving posture and gait. Our healthful walking shoes help reduce foot, leg and back ailments while reducing unnecessary stress on knee and hip joints. If flat feet or plantar fasciitis are causing you problems, or if walking has become uncomfortable, Finn Comfort footwear may help reduce the pain. Ask your foot doctor whether Finn Comfort is appropriate for you.

SERIOUS SUPPORT FOR YOUR FEET!

PATTAYA

LEATHER Yuka
COLOR Cognac
NR. 2558-195037
SIZES 34 - 43

Because your feet support all of your weight and help you balance when you stand, they are subject to substantial pressure and risk of injury.

A poor choice in footwear can contribute to problems in your feet, ankles, knees and back. Unlike conventional shoes, Finn Comfort distributes pressure evenly across the entire foot, thus reducing and preventing possible foot ailments. Our anatomically designed orthopedic footbeds support your feet, and your entire body, properly and naturally - like walking barefoot in the sand. All Finn Comfort footwear is meticulously handcrafted in Germany according to rigorous quality standards, and using the most luxurious natural materials.

For an expert fitting, visit your authorized Finn Comfort retailer and test-walk our exquisite natural comfort footwear today!

Train while you walk,
relax while you stand –
with **FINNAMIC**

SANAA

LEATHER *NappaSeda*
COLOR *Black*
NR. *1563-014099*
SIZES *35 - 43*

Gentle, regular exercise promotes fitness, body tone and stamina. Finnamic's gently rockered sole promotes the natural heel-to-toe rolling motion, propelling you forward when you walk, while providing both stability and comfort when you stand.

Enhance your everyday life. Finnamic - The fitness concept with a sound foundation.

Walk through the day with a spring in your step and get some gentle exercise at the same time – nothing could be easier with Finnamic from the makers of Finn Comfort. Our feet are the part of the body that takes the most punishment. They carry our entire weight and are constantly stabilizing the body's center of gravity. In today's world, given the often harmful surfaces on which we walk, it is important to ease the strain on our feet and to strengthen them at the same time.

Strengthening the whole body

Healthy feet are the starting-point for a healthy body. Natural movement stimulates circulation and metabolism, ensures good, straight posture and additional muscle toning from head to toe (or in this case – from toe to head!).

Finnamic is a premium quality health & wellness product meticulously handmade in Germany. We attach great importance to using as many natural products and processes as possible in making Finn Comfort footwear. Finnamic's luxurious leather uppers and calfskin lining are extremely skin-friendly and fulfill the most exacting requirements. Finn Comfort's long lasting soles are developed in accordance with the very latest orthopedic findings. Finn Comfort is an ideal choice if you wear custom designed arch supports (commonly called orthotics).

Walking in Finnamic everyday promotes better posture and greater fitness.

THE HEALTH & COMFORT BENEFITS AT A GLANCE:

Your feet are highly specialized structures. Each foot is made up of 26 bones held together by 33 joints and more than 100 muscles, tendons and ligaments. Finn Comfort footbeds are anatomically designed to support and gently reposition the heel, arch, muscles, ligaments, tendons and bones in the foot, enabling these structures to work together as nature intended, making each step you take supremely comfortable and pain free. Anatomically contour molded and ergonomically designed to mirror the natural shape of a healthy foot,

Finn Comfort's natural footbeds create the foundation of our footwear and keep the foot in its most efficient alignment. Finn Comfort footbeds encourage good posture and proper foot function, while cradling and guiding your feet from heel to toe. Naturally healthy, supple and shock absorbing, Finn Comfort's acclaimed comfort footbeds ensure effortless walking all day long. Our no nonsense orthopedic design provides serious support with every step.

- A** Rich suede lining. Skin-friendly and organically tanned with pure vegetable dyes.
- B** Air ventilation holes allow natural air circulation.
- C** Wholesome anatomical support for the whole foot including medial, lateral and metatarsal arches.
- D** Resilient cork/latex for stability and shock absorbtion.
- E** Anatomically shaped heel cup.

Natural heel-to-toe motion via:

- 1** Heel
- 2** Lateral foot
- 3** Medial forefoot
- 4** Big toe

For maximum health and hygiene, Finn Comfort footbeds are removable and hand washable. Use mild soap and warm water and let air dry naturally away from direct heat or sun. Replace your Finn Comfort footbeds regularly.

RIAD

LEATHER *Siena*
