**ESTE INFORME CONTIENE INFORMACION IMPORTANTE ACERCA DE SU AGUA POTABLE.
HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO
ENTIENDA.**

The Boil Advisory for customers of 13 S. 7th St., Stroudsburg, PA. has been lifted as of 10:30am Friday, August 10, 2018. You no longer need to boil your water.

On Tuesday, August 7, 2018 there was a loss of positive water pressure due to a water main break in your area. As a result, there was an increased chance that the water may contain disease-causing organisms. Water samples were taken from this location for total coliform and e-Coli testing due to the private water service line break in your area. All water samples taken from this area have passed lab testing.

For more information please contact:
