Measurable Outcomes (results you intend to achieve) - List the outputs, past or proposed outcomes, indicators and planned results.

Time Frames	Outputs (number served)	Outcomes (change accomplished or expected)	Indicators (measurement tool)	Year to Date Results
Actual 7/08-6/09	In 2008-2009 a total of 2,880 families were registered with us, comprising 3765 children and 5200 adults. Each family received a \$10 gift card and bagged food items based on donations.	We believe the outcome to be healthier, nourished adults and children. The increased nourishment will lead to adults and children not taxing our healthcare system as well as increase the productivity of the children in school and adults at work.	Unfortunately there is no measurement tool we can use to measure our success. The way we know we are successful is by the letters and voicemails and kind words from our recipients of how grateful they are for what we do. Also, how they had no where else to turn for help. They are grateful not only for the food they receive but in the manner in which they receive it.	We, at the Follow Me Foundation, have promoted ourselves through billboard ads, fundraisers through Knights of Columbus, United way functions, press releases, the eagles club as well as local school and church events. We have hired a grant writer to aide us in finding support. Which has been fairly successful.
Current 7/09-6/10	In 2009-2010 we believe we will have a total of 3449 families registered with us. This will comprise 5,174 children and 6,208 adults. Due to lack of funding from the united way for this period the \$10 gift card	We believe that feeding the hungry is important. What is more important is to feed them (especially children) with wholesome and nutritious foods that will supply them with a well balanced diet. This will	Same as above	As of January the food for friends program has a new home for an undetermined period of time. We are now located on the corner of rt 447 and fawn rd in east Stroudsburg. This new location is larger and will allow for better and faster distribution of food. This location will also aide in the awareness of our presence because of the increased traffic flow passing our location.

	<p>program was discontinued. However, due to grant money from the Pocono mount. Community fundraiser we have been able to purchase and distribute organic and all around healthier food for the children.</p>	<p>ensure a healthier and happier outcome, which is a person with more energy and greater spirit.</p>		
<p><u>Proposed</u> 7/10-6/11</p>	<p>In 2010-2011 we estimate to have 3,794 families registered comprising 5,691 children and 6,829 adults. We sincerely hope to not only reinstate the gift card program but also continue to supply our guests with higher quality nutritious food, not only for the children but for the adults as well. We are hoping to add one additional day per month with evening hours as to help more of the working poor to access us. This can only be accomplished with the help of our United Way Organization.</p>	<p>This year we have a goal of supplying our guests with more organic and natural foods. This will continue to produce healthier children as well as adults so as to ease the burden on our healthcare system and allow people to be more productive members of our community.</p>		<p>The food for friends program is a safety net for all working and non working people who through no fault of there own has fallen through the safety net set up by our govt. it is not hard to make too much money for our "SAFETY NET" to allow you to fall through the holes. We at the follow me foundation are a safety net with no holes. We catch everyone. We believe the amount of people that are "gaming the system" is not a significant number and those who do will have to answer to a higher power in good time.</p>
