From the Chairman of the Board

As you may well know, Robert Phillips, the Chamber's President/CEO is busier than ever. He is involved in so many great and very important projects throughout the region, including being a board member of the Pennsylvania Industrial Development Authority, Chair of the Monroe County Economic Advisory Board, Burnley Employment & Rehabilitation Services, and the United Way of Monroe County, just to name a few.

Bob Phillips is also serving as the 2006 Campaign Chair for the United Way of Monroe County, the agency that provides funding for over 21 participant organizations with missions to meet untold needs in our community. There are programs for children and families, services for unemployed and senior citizens. Many individuals are using these program and services now, and if not now they may need them in the future. In fact, according to the United Way of Monroe County, one out of three people in Monroe County benefits from funds made to the United Way.

Our President/CEO, Bob Phillips, is committed to exceeding last year's goal, so our service organizations can better serve our community's needs. Let's give Bob our support by making a contribution to a very worthwhile organization, that in turn, helps numerous non-profit organizations. We all live in this community and I'm sure we want to keep it a wonderful community to live in and raise our families.

*Bob Hay
Chairman of the Board*

As you are probably aware, members of the Pocono Mountains Chamber of Commerce can offer their services or products to fellow Chamber members through a special program extended exclusively to our membership. This program, known as an affinity program, has recently gained the interest of many of our members who have realized significant benefits by taking advantage of this fantastic networking opportunity.

If you would like to offer your services or product(s) to the Chamber's 1,850 members (and still growing), send me your proposal detailing what you would like to offer and what type of incentive or discount you would like to extend to the membership. I will review your program and make any suggestions that will help make your offer acceptable to the standards of the Chamber. After my review, I will present your offer to the Executive Committee for approval and they will forward their recommendation to accept your offer to the Board of Directors. Once the Board approves your affinity program you can then solicit the entire membership.

The Chamber's affinity program is a great way for you to network with fellow members. Additionally, it allows you to expand your marketing plan to a select group of potential new customers. I would encourage you to take advantage of this program. If you have any questions, please call the Chamber for more information. This is another example of the benefits available to you, as a member of the Pocono Mountains Chamber of Commerce.
